

Following is a list of names of people thought to have been missionaries for the Church of Jesus Christ of Latter-day Saints on Vancouver Island. These areas have been rapid turn-over variety of minutes and historical records, and in many cases these record only a last name. Any assistance that you can give in completing names and supplying the hometown etc. of the missionary will be appreciated. I am particularly interested in identifying any Canadians on this list. If you believe any of those listed not to be missionaries, please indicate this. If you know of other missionaries who have served here please supply me with their names and as much information as you have.

Thank you. R.J.Mc.
